

PARK & RECREATION COMMITTEE
May 1, 2018

Present: Denise Monske, Victoria Vogel, Roger Wallace, and Jan Tkach.

Daniel is in the process of securing dates for the summer concert series. We reviewed the list of performers.

French Park development is still pending.

The committee discussed about recommending to council the purchase of two bicycle racks. One should be positioned across from Citizens' Ambulance and the other on the concrete pad near Main St. These are the aluminum, double sided, 10 bicycle capacity racks, in black finish from Belson Outdoors. Cost is \$270 plus shipping.

The committee briefly discussed the plans to develop the picnic area for Wakeman Community Park. This could be a two-year project with the concrete pad and tables installed in year one and the landscape area developed the following year. Council would need pricing in order to budget funds for this.

Roger measured the distance at which donor signage is attached to the light poles in Vermilion. These are affixed at 66" off the ground. Roger will see that plaques are made for the two poles for which money has been donated. The Village has not given a timeline as to when the second pole will be installed.

The gazebo still needs to be painted. We had discussed Sherwin Williams "Hardware" color at a previous meeting. This color would blend well with the surroundings and allow the roof to really stand out. Jan is to bring a sample to the next council meeting. She suggested that there might be a community member willing to do the painting.

The committee thanked Roger for his donation of 25 bags of lawn fertilizer. Wakeman Community Park has been fertilized.

The next committee meeting will be June 5, 2018 at 7:00 PM at the library.

Jan Tkach
Committee Chair
